Welcome New Member

Elizabeth Kamas

My name is Elizabeth Kamas. I am 13 years old and am the second-youngest of six children. Besides playing the organ, I play piano, sing in the choir at my church, dance, and do gymnastics. I have been learning the organ under Margaret Kvamme for about a year and a half now, and the piano for almost 5 years. I was a little apprehensive at my first lesson, but after it I fell in love with the instrument and have been playing ever since. My goal is to one day become a church organist.

Gulbransen Organ Seeking New Home

Here is a picture of the Gulbransen Model 3218 Organ that I would like to **give it away**. It has two 44 key keyboards and 13 pedals. It appears to be working properly except the pedals either do not work or I don't know how to make them work. I disabled the rotation of the Leslie speakers as it made a mechanical noise; and there is a slight hum in the speakers. There is an accompanying bench. **Contact Nick Dunckel** at **650-948-5777** or ndunckel@earthlink.net.

Free Kimball Organ

My aunt in San Jose recently inherited her mother's beautiful Kimball organ (picture attached), and we are trying to find a new home for it.

We are happy to donate at no charge (& contribute to the moving costs) to anyone who is interested.

Feel free to call me at (650) 451-2987 if you have any interest or additional questions.

Thanks much, Allison Note: There are either 25 or 32 pedals (currently stored behind the organ).
