Dean's Message

Thanks to **Immanuel Lutheran Church**, Pastor **Lyn Bailey** and **Mrs. Bailey**, and **Darryl Parker** for hosting our thought-provoking meeting at the church. Our music exchange netted some interesting music and \$31.50 for our education fund.

Jan Feller responded as follows to my comments about the Atlantic City High School Organ: It was designed by State Senator Emerson Richards and built by Reuben Midmer and Son. Installed in 1923, the contract called for 103 voices, 121 ranks and cost \$42,425.

In the 60's it was removed from the high school and put into storage. An alumni, Adrian Phillips bought the Midner-Losh organ and is currently installing it (with Lyn Larsen as project manager) in a 'music room' at his Phoenix home, combining it with a 1921 instrument from a DuPont estate. Currently the largest pipe organ in Arizona, when completed it will be the largest private installation in the US at 167 stops on 5 manuals. There are even theater organ pipes thrown in for good measure. (This is a sister to the Midner-Losh organ in the Atlantic City Convention Hall, the largest pipe organ in the world, but currently unplayable. It will cost \$10 million to restore it.)

An interesting note for our Chapter: **Tom Hazleton** had a successful recording session on this organ the very day of his death. **Jan** is trying to find out what is going to happen in regard to this recording. If you hear anything, let us know.

Below are some questions about some of our current members. How many answers do you know?

- What member did outside sales for a travel agency, and as a result got to lead a group to Ireland, visit Portugal and Mexico, and cruise Alaska and the Panama Canal?
- What member was President of AAUW and is in training for the upcoming Bay to Breakers?
- What member was a park ranger at Vasona for several years?
- What member was an Army spouse for a number of years?
- What member goes to school in Hawaii?
- What member taught swimming at the American Embassy pool in Saigon, Vietnam?
- What member has the farthest distance to travel to come to a meeting?
- What member (who does not play the organ) has a collection of 300 classical and theater CD's?
- What member was a piano rebuilder, house painter and massage therapist?
- What member was an executive secretary at NACA (later NASA) in Newport News, VA?
- What member is a nationally recognized landscape photographer?

Next month there will be more questions. Answers will be available at the year-end Installation Ceremony and Dinner, so keep Jun 3rd open! *Patricia Milstead, Dean &*

ORGAN DEDICATION CONCERT
Roger Nyquist, 11 March 2007, 3PM

Los Altos United Methodist Church 655 Magdalena Ave, Los Altos is celebrating the installation of their new pipe/digital organ with a concert given by Dr. Roger Nyquist who originally dedicated the 3-manual Robert Newton rebuilt organ on May 18, 1986. His program will include two pieces from the 1986 dedication concert: Saint Saens "Improvisation No. 7" and Mulet's "Toccatà". The instrument has been modified from the three-manual Swain & Kates/Newton pipe organ to a four-manual 465 Renaissance Quantum organ. The organ now has 87 speaking stops with four different styles, American Classic, English Cathedral, French Romantic, and Neo-Baroque. Organist T. Paul Rosas proudly invites everyone to come and hear the new instrument at this free concert - Paul Rosas &

I have a lot of old "**The American Organist**" (TAO) magazines that too good to throw out. If anyone would like to have them you are welcome to them. I have run out of storage space.

There are some very good articles that are always timely. The series "How to Improvise in 15 minutes a Day" started in 2001, so if you are missing any, now you can complete your collection.

These are mostly complete issues for the years from 1999 thru 2005. Also, there are some convention books. Call me for info. **Carol Griffin 408-269-3658**

PRESENTS

MIDI 101 for Organists

with John L. Jarvis

Saturday, March 24, 2007 — 9:00 a.m. to 12:00 Noon

7083 Commerce Circle, Suite B ❖ Pleasanton, CA 94588 ❖ (877) 734-3440

You've heard about MIDI for years and have an idea or two about what MIDI has to offer you as an organist and musician. Yet, you've wanted to learn more but have never found the time, and looking at technical manuals makes you sweat. Then this session is for you! We will explore at a practical hands-on level how to use MIDI, how it can expand your "musical palette" and how it can make your life as a musician easier. Experienced MIDI users are welcome to come share their knowledge with us as well!

Visit our website at:
www.JarvisMusic.com

John Jarvis has had a love affair with organs, computers and teaching for over 35 years. He graduated from Cal Poly San Luis Obispo with a B.S. in Computer Science while organist at Grace Church. While working on his M.S. in Computer Science, John became fascinated with the early personal computers and keyboard synthesizers which eventually led him to the world of MIDI. His passion for teaching is shown in his ability to explain complex computer topics in language that everyone can understand. His musical background includes staff positions as organist / accompanist and music director at large churches. Currently he is active in several organizations, including the San Francisco & San Jose AGO Chapters.

ORGANLIVE PROVIDES MUSIC OF THE ORGAN AROUND THE WORLD

Organlive.com is an Internet audio station dedicated to the music of the classical organ. Broadcasting since August 2003, Organlive has become the most-heard organ station on the Internet with the largest library of music online. The ever-growing library currently holds over 5,900 tracks from more than 500 albums of music recorded by organists all over the world **Organlive** plays albums recorded on pipe, digital, and combination organs played by the world's best concert organists, as well as

tracks recorded and submitted by less renowned organists. Included are pairings of organ and orchestra, solo instruments, choir, or vocal solos. The listener is presented with the work title, composer, album title, a link to purchase the album online, the organ, it's builder, size, and location, and a link to the specification of the organ being heard. Listeners may browse the entire library searching by work, composer, organist, album, or organ and request tracks to be played. The broadcast is completely free to anyone with a broadband Internet connection and only requires the quick, automatic installation of a browser-based player to tune in. Listeners can also tune in via Windows Media Player, WinAmp, iTunes, or any MP3 player. The audio stream reaches over 100 countries around the world, with more than 300 listeners per day tuning in. The station is funded by the listeners, and an annual budget covering all operating expenses is raised every spring. **Organlive** is always accepting submissions for new music from organists, composers, and publishers. Raven, Delphian, Hyperion, and Albany Records are all label sponsors of the station. To listen to Organlive, or for more information on submitting your music, visit www.organlive.com.

SILICON VALLEY SYMPHONY
"POULENC N' PIPES" CONCERT
Presbyterian Church of Los Gatos
16575 Shannon Rd, Los Gatos
10 March 2007, 7:30PM

The Silicon Valley Symphony is proud to present its "Poulenc n' Pipes" Concert in the beautiful Sanctuary of the **Presbyterian Church of Los Gatos**. Ticket donation is \$20 general and \$15 seniors and students; children age 12 and younger are FREE with an adult. Admission includes a Champagne Reception with refreshments following the concert - meet the musicians!

The Silicon Valley Symphony features fantastic Bay Area organ soloist, **Margaret Martin Kvamme**, performing the "Concerto in G minor" for organ, string orchestra, and timpani by **Francis Poulenc** on the newly refurbished and expanded "Mrs. Möller" pipe organ at PCLG.

Led by Music Director, **Michael Paul Gibson**, the Silicon Valley Symphony presents a diverse and interesting concert of fabulous music, presented in a beautiful and acoustically sound (pun intended) setting. "Poulenc's" Concerto in G minor" is undeniably a masterpiece and amply demonstrates how a work containing many disparate elements can hang together beautifully if the elements are sufficiently fertile," says Dr. Christopher Maxim, British composer, organist, and critic. According to respected musicologist and author Herbert Culot, "though not overtly religious, the 'Organ Concert in G' belongs to his most personal music making, even if it has that playful sixth section inspired by the sight of serious monks playing football!" Come see and hear Margaret Martin Kvamme demonstrate her exceptional musicianship and technical expertise while putting the "king" of instruments - Mrs. Möller, through her paces! There may also be a fantasy surprise! The concert also includes the talented (and cute) young string students of **Diane Egli**, one of our violinists, playing the "Vivace" from the Bach Double Violin Concerto; Claude Debussy's atmospheric "Prelude to the Afternoon of a Faun;" and the ever popular "Swan Lake Suite" by Tchaikovsky. Do not miss this marvelous musical opportunity!

This performance requires skill from the soloist particularly in the "fiendish pedal solo cadenza." The orchestra has it work cut out for it as will in passages such as the "tricky whiplash exchanges between strings and organ".

This concert is child friendly. We hope to see you, your children, family and friends in the audience. One performance only and seating is limited to 450. You can purchase tickets from orchestra members or at the door 30 minutes prior to the performance.

The SVS is sponsored by the Bay Area Music Foundation and sponsored in part by the Presbyterian Church of Los Gatos (PCLG), and Foothill College Performing Arts Alliance.
